

Education and your child

Education for a child or young adult who is deafblind can be very different from educating a child or young adult who is hearing and sighted.

- [Choosing a school or other setting](#) Helpful information to help you decide which school or other education facility is suitable for your child.
- [Supporting children with special educational needs \(SEN\)](#) Information on the SEN system, including parent partnership services, SEN statements and assessments and targets and reviews.
- [Key approaches to support learning](#) Information about six key approaches to help a child learn.
- [Provision for school-aged children \(3-19 years\)](#) Information about what you can expect for your child during their education.
- [Learning environment](#) Information about adapting the environment to suit development and learning.
- [Types of education provision](#) The different types of education establishments available for deafblind children, including brief descriptions.
- [Working with teaching professionals](#) Information on how you can work with teaching professionals to get the best possible provision for your child.
