

## Bellman Pager System

A flexible paging system that can alert you to various important sounds around the home. This pack is for 24-hour alerting to your existing doorbell and telephone, and includes an ionisation smoke detector and baby alarm. The pager shown will vibrate when your doorbell, telephone, smoke alarm, or baby alarm is alerted. There are different vibration patterns or visual displays for all.

The small vibrating pager can be placed in your pocket or clipped to the side of your belt or skirt. When a signal is received the pager will vibrate for 30 seconds and illuminate a symbol for 60 seconds, advising you of what has been activated.

For overnight recharging this pack is provided with a charging cradle which comes complete with rechargeable battery and an under the pillow vibrating pad to alert you when you are asleep.
