

Magnifiers

There are now a wide variety of Magnifiers ranging from compact handheld ones to desktop videos, ranging from CCTV functionality to enhanced contrast colour/black&white modes and ones that will even take a picture.

Product	Supplier	Price	Price	Postage
 <p>Andromeda CCTV</p> <p>The Andromeda is a portable reading device that combines a large reading table with a screen that is comparable in size to a 17" conventional monitor.</p>	Cragside	£2495.00	Free	
 <p>Bierley Monomouse CCTV Video Magnifier</p> <p>The MonoMouse is a handheld CCTV Magnifier that is similar in size and shape to a computer mouse. By simply connecting the MonoMouse into your TV set you are able to read and view black and white pictures on your TV.</p>	Bierley	£99.00	Free	
 <p>Flipper magnifier</p> <p>The most portable full-color, auto-focus camera that can rotate 225 degrees for near and distance viewing.</p>	Enhanced Vision	£1,495	Free	
 <p>Compact magnifier</p> <p>The Compact+ is a pocket-size video magnifier designed for the benefit of low vision people. Simply place it on a newspaper or magazine, and the magnified image is displayed on the integrated screen.</p>	Optelec	£495	Free	
 <p>Clearnote</p> <p>The ClearView+ is a desktop video magnifier, combining advanced technology with ease-of-use and comfortable operation. Every object placed on the movable reading table can be magnified from 2.6 to 50 times its original size, always maintaining perfect focus.</p>	Optelec	£2,495	Free	
 <p>Amigo magnifier</p> <p>The Amigo compact video desktop magnifier on the Go is simple to use-just place it directly on the material and adjust the magnification by a turn of the dial. This innovative product allows you to adjust the magnification without moving the Amigo away from the reading material. Read price tags, restaurant menus, ingredients and directions no matter where you are with this new high powered video magnifier.</p>	Enhanced Vision	£1,295.00	Free
