

## Support this year's Sense holiday appeal

We all have our favourite holiday memories made of relaxed and happy times away from home. For deafblind children like Jessica going on a Sense holiday means so much – it's the chance to discover and enjoy the world around her.

Read our appeal letter in [PDF](#) (2mb) and [word format](#) (30kb).

This year's Holiday Appeal tells the story of Jessica's journey of discovery on her very first Sense holiday and how she got the opportunity to experience new and life-changing activities.

Among other things, she stroked a chicken's soft feathers and held a warm, freshly laid egg in her hand for the first time. This might seem like quite an ordinary thing to do but, for Jessica, experiencing these special feelings is an important step for her development and growth.

With your help today, Sense can continue to be there for deafblind children like Jessica and send them on a holiday which gives them memories that will last for a lifetime.

If you can support our appeal please [donate now](#) or call our donation hotline on 0845 127 0067.

Thank you for your support.
